NUMBER 35

AN ACT

To Regulate The carrying, Moving, Delivering, Transferring Or Distributing Of Intoxicating Liquors In Local Option Districts.

The following bill was passed in the House at Frankfort on Wednesday and reported to the Senate on Thursday. It, as all other bills originating in the House was at this late date of the session given to the Committee on Rules. As the majority of this committee is regarded as antagonistic to temperance, it will not be apt to come to a vote, unless by a vote.

We insert it to show the temperance sentiment in the House. The outlook for the future is bright.

It shall be unlawful for any person or persons, individual or corporation, public or private carrier to bring into, transfer to other person or persons, corporation, carrier or agent; deliver or distribute, in any county, district, precinct, town or city, where the sale of intoxicating liquors has been prohibited, or may be prohibited, whether by special act of the General Assembly, or by vote of the people under the Local Option Law, any spirituous, vinous, malt or other intoxicating liquor, regardless of the name by which it may be called; and this act shall apply to all packages of such intoxicating liquors whether broken or unbroken.

Provided, individuals may bring into such district, upon their person or as their personal baggage, and for their private use, such liquors in quantity not to exceed one gallon; and provided, the provisions of this act shall not apply to licensed physicians or druggists, to whom any public carrier may deliver such goods, in unbroken packages, in quantity not to exceed five gallons at any one time.

Each package of such spirituous, vinous, malt or other intoxicating liquor, regardless of the name by which it may be called, whether broken or unbroken packages, brought into and transferred to other person, corporation, carrier or agent, delivered or distributed in such Local Option Territory shall constitute a separate offense. Any person or persons, individual or corporation, public or private carrier violating the provisions of this act shall be deemed guilty

"SHOOT."

"Or Give Up The Gun To One Who Will."

"Don't make a pretense. If you intend to hunt tigers, go into the jungle, or else get off your elephant and throw aside your gun. Don't bring a man before you who knows nothing about what you want to know."

These were the words with which Circuit Judge Parker of Lexington brought the attention of the grand jury to the pool rooms and the violations by the barrooms of the Sunday closing law.

With regard to the sale of liquor on Sunday, Judge Parker said it was not a matter of opinion as to the wisdom of the law. The statutes provide for the closing of saloons on Sundays, and this law, he said, should either be enforced or repealed.

We are acting like children. It is not intelligent to make laws and then violate them. It is folly and child's play. The laws are on the books, the courts won't enforce them and the Legislature won't repeal them. We seem to have lost all sense of propriety."

On the question of poolrooms Judge Parker said he intended to submit this question to a petit jury, and that he was determined to have the people of Fayette county decide this matter, as he was unwilling to assume this responsibility.

"If pool selling be right," said the court, "it is better that the Legislature legalize it; if it is not right, it ought to be suppressed and the law enforced. All that I have done is to allow the petit jury to say what the punishment shall be."

"Gentlemen, if you want to permit the poolrooms to operate, make the fine one cent; if you want to suppress them, punish the operators with a jail sentence. This will stop it. I am not one of those who believe that a man who bets and wins money is dishonest, but I do believe that there is nothing which will more certainly destroy the moral nature of your boy. It seems to me, gentlemen, that this consideration should be enough to cause you to enforce the law. If your oaths should not lead you to enforce it."

"Is your husband an even tempered man?"

"Yes," answered Mrs. Cornstiel, "He's jes' about as cross one day as another."—Washington Star.

The Chicago City Council, by a vote 40 to 23, raised the saloon license from \$500 a year to \$1,000. The city now has 7017 saloons. Alas, alas.

An offer of \$125,000 from John D. Rockefeller for a hospital for children suffering from tuberculosis was announced by R. Fulton Cutting.

Local Option Election.

The local option election recently called at Millersburg, and call for which was found to be defective owing to the fact that no provision was made for a special registration, was reconsidered in Judge Dundon's Court and an order entered calling the election for Wednesday, May 9, and providing for a special registration on Tuesday, May 1.

The Wife—Doctor, can you do anything for my husband?

The Doctor—What is the matter?

The Wife—Worrying about money.

The Doctor—Oh I can relieve him of that, all right.—CARROLL.

Ascum—I see there is some talk of having the people vote at the next State election upon the question of abolishing capital punishment?

Fogle—No, sir! Capital punishment was good enough for my ancestors, and it's good enough for me.

FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Health as Well.

People who are run-down and nervous suffer from indigestion or dyspepsia, headache, biliousness, or torpid bowels, coated tongue with bitter taste in the morning and poor appetite. It becomes necessary to turn to some tonic or strengthener which will assist Nature in getting them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalid Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was more efficacious in curing cases of blood disorder and liver and stomach trouble as well as many other chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which builds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements. If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back aches out easily and seldom, belching of gas, constipation, or irregular bowels, feel dizziness of heart alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery." Consumption causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a day; two or three are cathartics.

Vinol THE GOD LIVER PREPARATION WITHOUT OIL

Vinol is fast superseding old-fashioned cod liver oil and emulsions because, without a drop of oil or disagreeable feature, it contains all the medicinal elements of cod liver oil, actually taken from fresh cods' livers. By our process the oil, having no value either as a medicine or food, is separated from the medicinal elements and thrown away. Unlike old-fashioned cod liver oil and emulsions, Vinol is deliciously palatable, agreeable to the weakest stomach, and therefore unequalled as a body builder and strength creator for old people, young children, weak, run-down men and women, after sickness, and for all pulmonary diseases. Everything Vinol contains is named on the label.

OUR GUARANTEE—We have such faith in VINOL that if you will take it we promise, if it does not benefit or cure you we will return you your money without question. We take all the risk.

THOUGHT EXPRESSED BY JUDGE LINDSEY OF DENVER

On Juvenile Court etc.

"The Juvenile court should be started with the idea that the best duty of the State is to remove the opportunity for bad, and improve the opportunity for good. In order to do this a State must have certain laws governing the community, parents and the child. These principles are effective first, by probation, which is now new, as it was adopted in Germany first, and then extended to our country. It gives an opportunity to the child, under the supervision of the court, to improve himself without being on parole.

Second—The child is a ward of the State and the State can intervene to protect it, yet the State must provide a home, the best place for the child, where it should get loving and kindly assistance.

"Third—A law which makes parents and other citizens responsible for the welfare of children.

"The Juvenile Court classifies

the children as working children, school children, average child and delinquent children. The children who are delinquent and become little criminals through their failure to work are put to work. The same is true of the school children who are put in school. The average child is easily corrected.

Heart Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arms and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitations and pain around my heart, and the doctors said it was nervous. I don't believe it was for after taking all the medicine I could get, I was no better. I then bought a bottle of Dr. Miles' Heart Cure, and after taking it a few days, I felt much better. I am now entirely cured, and I feel as well as ever. I am taking it now to keep it that way." W. S. LLOYD'S TEST

Sold Hymen's for Years and Know it Will Cure Catarrh.

W. S. Lloyd has given Hymen's a most thorough and remarkable test. For a long time he has offered to refund the money to any purchaser of Hymen's, if it failed to benefit.

The remedy has failed to benefit a very small number of cases, but has cured among his customers that he has urged its use in the most chronic cases of Catarrh.

Bathed for a few minutes four times a day, through the inhaler that comes with every outfit, it soothes the irritated mucous membrane of the nose, throat, and lungs, kills the catarrhal germs, and restores complete health.

The complete Hymen's outfit costs only \$1, and consists of an inhaler that can be carried in the pocket or purse, and will last a lifetime, a medicine dropper, and a bottle of Hymen's. If this is not sufficient for a complete cure, additional bottles of Hymen's can be obtained for 50 cents.

Compare this small expense with the fees charged by specialists, and remember, too, if Hymen's does not cure, W. S. Lloyd will return your money.

and a Red Ship, Pig Chained to a Ring Good Luck—Gifts of Mountain Men.

While several rivermen and others were seated in the office of the Pittsburgh and Cincinnati Packet Line the other day the superintendents of rivermen came up. In the party were several who were unacquainted with the legends of the river, and it developed upon Capt. Henderson and Capt. Fremont to relate some of the happenings of the older days according to the Pittsburgh Gazette.

One of the most surprising things brought out was the fact that the general run of steamboat men object to having a boat with a name starting with either an M or an O. It is claimed that a boat with a name starting with either one of these letters always comes to a violent end. Several instances are given where boats bearing the supposed hoodoo have either been sunk or burned. The Molly Ebert, Ohio N. V. Mary Irwin, Major Anderson all burned up, and the Minner and the Ohio sunk. All of these boats were known to local men and ran on the Ohio and Mississippi.

The case of the Mary Irwin also carried out another hoodoo of the rivermen. It is believed that when the rats desert a ship there is danger ahead. On a summer afternoon in 1867 the Mary Irwin tied up at the Cincinnati wharf. Soon after it was noticed that the rats were leaving her in droves. Captain's working about the hold of the boat assumed themselves by throwing large pieces of wood at the rodents. The superstitious people on board at once predicted that something was going to happen, and sure enough, about the middle of the same night the Mary Irwin, with six other boats, was destroyed by fire, the Major Anderson being one of these. The fire was witnessed by Capt. Penwyll.

A cat going on board a vessel is considered a bad sign, and the only way to get rid of the hoodoo is to throw the cat by its tail from the port side of the vessel. Throwing it from the starboard side will have no effect whatever.

Believers in hoodoo greet with delight the entrance of a pig. There are a number of boats on which the crews have their pet pigs, and these are supposed to be the best bearers of good luck in the world. After a few weeks' training, it is claimed, they have more sense than a dog, and when the gang plank is lowered at a landing they are the first to run on shore and are never left behind, as they know the minute the ropes are to be let loose.

A boat is never launched on Friday, nor is one purchased on the same day. A business deal is never made on Friday that can be put off. It is bad luck to start a new boat on Friday. An illustration of these beliefs was shown in that city a few weeks ago, when a firm was contracting for the purchase of a large steamer. The deal was just about to be closed when some one mentioned the fact it was Friday and the papers were not signed on till next morning.

A number of these superstitions have been handed down for the last 100 years or more, but they are still believed by a large number of rivermen.

Paper from Furze.

The salvation of the world's paper supply may come from furze. It has been ascertained that the furze, suitably treated, produces a white and solid pulp. After boiling of five or six hours the pulp is washed with water, acidulated with sulphuric acid in suitable quantity, bleached with chloride of lime and thoroughly washed, when it is in a suitable state for use in paper manufacture. If our forests, this sort of paper-making will open up a large class of new paper-making materials and possibly prove the solution of the serious problem caused by the rapid exhaustion of the timber districts in the effort to meet the demand for wood pulp, the present universal material.

BANK MONEY ORDERS.

We take this opportunity of calling your attention to BANK MONEY ORDERS, a new feature in banking which we are introducing. You will find them convenient for sending small amounts of money to other cities in payment of merchandise, subscriptions to papers, etc. They are absolutely safe and are payable everywhere. Their payment is guaranteed by the American Surety Company of New York, which has a capital of \$4,000,000. We issue a receipt for each order purchased. You do not have to write out an application for them, as you do a Postal Money Order, and you are thus saved delay and inconvenience. The cost is also less than the money orders, being as follows:

Amounts \$5 and under 1 cent.	5 cents.
Amounts \$5 to \$10.	10 cents.
Amounts \$10 to \$25.	15 cents.

The family have many friends in our city and county as for several years the family have spent the summer with Ann Heath near our city. The husband and three children have the sympathy of friends. RELIGIOUS

A "Living Link" Church is one which supports a missionary of its own. In the Christian Church there are 71 such congregations represented on the Foreign Field of a "Living Link" church. Nine of these are in Kentucky. Central and Broadway churches, Lexington, Paris, Winchester, Richmond, Danville, Frankfort, Hopkinsville, and Owensboro.

Lexington is planning for a great meeting of the Southern Educational Conference which meets there April 1 to 3.

Tuesday night John H. Blount and W. T. Tyner were ordained as deacons of the Mt. Sterling Baptist church.

At Paducah last week there were 114 additions to the First Baptist church making more than 900 since the beginning of the meeting. Rev. C. C. Cates, a preacher of great faith is conducting the meeting.

State Missionary, Rev. Powell is holding a meeting with Immanuel Baptist church Louisville, meeting just begun, 27 additions.

Dr. B. D. Gray well known here and former president of Georgetown College, now Correspondent of the Home Board of Southern Baptist was in a union meeting of Louisville Baptist at the Walnut street church last Sunday. The Dr. is proposing much for Kentucky Baptists who will help themselves.

The meeting at the Baptist church increases in interest and it now appears that Mt. Sterling is at the beginning of a revival interest. May the day of salvation for Mt. Sterling be now and may God give us a "Paducah like" meeting.

Dr. Hines preaching is illustrative, plain and practical, the gospel is presented interestingly and with unusual power. He is also a beautiful gospel singer. To these meetings every unevangelized person is invited. Many warnings have come to Mt. Sterling since the past year and the opportunity is given now to choose whom they will serve, God or live in glory for ever or the evil one and be cast into outer darkness. The Christian people ask all business men to close their houses and give their employees chance to attend the preaching of the word, and this modest request we are sure will be observed. Let every business house including factories, saloons, shops, stores, professional offices all be closed promptly at 7 o'clock.

At the recent Sunday School Conference in this city Mr. T. C. Gebauer gave valuable suggestions, both in his talks and by charts. Here are some of them:
